

## ROBBED OF \$16,000 AT PISTOL POINT IN STREET HOLD-UP

Bank Cashier in Stonington, Conn., Forced to Give Up Money by Two Masked Men.

STONINGTON, Conn., Oct. 5.—Carl A. Koehn, cashier of the American Trust Company, was held up at the point of a gun and robbed of \$16,000 this forenoon by two masked men as he was driving with the money from the First National Bank to the mill.

After securing the money the robbers disappeared in a northerly direction. Searching parties have started in pursuit.

The money was later found in a stone wall, a short distance from where the holdup occurred. The highwaymen are thought to be in a cemetery, and men armed with guns have surrounded the place in hope of capturing them.

## WOMAN BRAVED TYPHOONS.

Mrs. McGee Here on Visit After Escaping Trip From Burma.

Mrs. Charles D. McGee of Sala, Burma, was a passenger on the Atlantic Transport liner Minnehaha, arriving this morning from Liverpool. She is on the road to Mandalay, and Mr. McGee is prominent there in the oil business. Mrs. McGee is on a visit to her former home in Santa Barbara, Cal.

To reach Rangoon, Mrs. McGee travelled through the jungle and in canoes across swift streams. On her trip she was in two typhoons.

The Minnehaha brought eighty-eight boxes of Belgian stock for breeding purposes.

## What Is Home Without an Appetite?

Many a Miserable Dyspeptic Can Quickly Enjoy a Good Appetite Using Stuart's Dyspepsia Tablets.

There is nothing so deplorable as a home where at every meal one member of the family sits in distress eating a special diet, while others are partaking of the regular food. Not only does this condition become almost unbearable to the dyspeptic, but it throws everything but a joyous spirit over the rest of the family.

The Child—"Please eat some nice chicken, papa." The Father—"No, Master, daddy can't eat this chicken." The presence of dishes before him that a stomach sufferer cannot eat makes him doze and he is actually doing himself an injury when he sits at such a table.

A Stuart's Dyspepsia Tablet taken after each meal will settle appetite and in a short time one will find the sight of food becoming less and less repulsive until after a few meals one will take courage enough to join with the family in the regular fare.

As soon as this is done and there follow as well effects then by continuing the use of Stuart's Dyspepsia Tablets you will soon be restored to your normal, healthy and vigorous appetite.

One of the real pleasures of eating is the joy of smelling and seeing food. These qualities are essential to the normal digestion, for they excite the flow of saliva in the mouth and the gastric juices in the stomach and thus make ready the digestive apparatus for the food when it is eaten.

Stuart's Dyspepsia Tablets contain ingredients that every system needs. Weakness, fluids of nature used in digestion are quickly restored to their normal proportion, and in a short time are so evenly balanced that the system can manufacture its own pepsin and hydrochloric acid as it should.

Go to your druggist to-day and buy a box of Stuart's Dyspepsia Tablets, price, 50 cents.

## Noted Specialist Tells Mothers The Meaning of the Score Card The Physical Examination.

"MEASURING THE CIRCUMFERENCE OF THE HEAD."

Judging has now reached the semi-final in the Better Babies' Contest held by The Evening World and the Babies' Welfare Association at the Greenwich House. The reason for this division of the contests into separate rounds is the extraordinary number of babies who have received a high percentage. It will now be necessary to re-examine those who achieved a score of between 95 and 100 per cent. to determine which of these numerous superior babies is supreme. In the first round of the examination five 100 per cent. babies were discovered, and every hope, promise and boast of the Greenwich mothers has been realized.

Greenwich mothers are to be commended for the sportsmanlike spirit that they have shown throughout. Although all have worked hard for a prize, this winning of a prize has been less important than the opportunities they have received for learning improved methods of nursing and taking care of the baby. The feeling of every mother in the Greenwich village neighborhood that her baby deserved a prize has been amply justified by the figures and percentages just recorded by the Judges at the Greenwich House, but the mothers who fail to get a prize realize that the chief goal of the contest has been reached—better babies and an increased knowledge that will help to make the babies of the future healthier and sturdier.

A noted specialist in discussing the score card explained to-day the meaning of the physical examination of the head, which is one of the important measurements in the Better Babies' Contests. "It must be borne in mind, in measuring the head, that it is not the actual circumference or size of the head that is of chief importance, but the relation of this measurement to other measurements, such as the size of the shoulders and the length of the arms and legs. It is, in every case, the proportionate or relative size that is important. Two children might have heads of exactly the same size, but in the case of one the measurement might indicate a perfect score, and in the case of the other a very bad score. A child six months old with a head decidedly smaller than the chest is abnormal. Another child which had a head that gave just the same measurements might have smaller shoulders and body and be perfectly proportioned. "The abnormally large head interferes just as much with getting a good score as an abnormally small one does. And sometimes the shape of the head shows peculiarities that can be told instantly by the physician without measuring. The physician gives particular attention to the large, box-shaped head, or the head in which the opening on top of the head has not closed as early as it should, for such a condition may indicate the presence of rickets. The small head, on the other hand, or the head in which the opening has closed too early, may show an undeveloped brain."

## AUTO VICTIM IDENTIFIED.

Port Washington Man Was Killed by Tipper Driver.

The victim of Thomas M. Sweeney, a broker of No. 34 St. Nicholas place, who admitted that he was intoxicated when his motor car struck a man at Morningstar avenue and One Hundred and Eighteenth street last Friday night, was identified to-day as Edward J. Jones of Port Washington, L. I. The identification was made by the man's wife.

Sweeney was held last Friday by Magistrate Appleton in the Harlem Court for further examination to-day.

## Cubs Have New Pitcher.

CHICAGO, Oct. 5.—President Murphy wouldn't take \$25,000 for George Zabel, pitching recruit, late of Winnipeg, in the Northern League, he declared to-day, after watching Zabel mow down the Pirates in five innings yesterday. The young collegian made a great showing against the Cub regulars in an exhibition performance on Friday.

## MAY HAVE TO PROVE CHARGES AGAINST WIFE

Spouse of Chas. L. Wise, Lace Manufacturer, Asks Bill of Particulars on Husband's Accusations.

Accusations of Charles L. Wise, a wealthy lace manufacturer, and his beautiful wife, Mrs. Clara Wise, young and a popular hostess, are eagerly awaited by Supreme Court Justice Garretson's decision on the application made this morning by Joseph H. Krakower on behalf of Mrs. Wise, that her husband provide a bill of particulars, giving names, places and dates of the escapades of his wife which, he charges, made his leave home. The Wises have a fine home at No. 418 East Twenty-eighth street, Flatbush, and Wise, who is in business at No. 220 Fifth avenue, a Manhattan, has an income of \$35,000 a year. The marital difficulties have provided Flatbush with a choice morsel of scandal and gossip.

Mrs. Wise brought the original charges, asking a separation from her husband on the ground that he treated her cruelly and finally deserted her in the Flatbush home. Justice Kraker in the Brooklyn Supreme Court gave her \$100 counsel fee, \$50 a week alimony and the right to use the Wise home until her suit had been settled.

It was not until Wise filed his answer that Mrs. Wise's special friends became most interested. Wise denied the cruel treatment, but admitted he had left his wife. He had done so, he charged, only after he discovered that Mr. Wise had been altogether too intimate with several men of their acquaintance. He named no names, and did not seek a judgment on his charges.

Mrs. Wise, almost prostrated at first, demanded angrily that he substantiate the charges he made, and at her request Mr. Krakower made the motion to-day. Justice Garretson said he would think the matter over.

Took a Bath and Shot Himself. Louis Green, a tailor of No. 44 Sumpter avenue, Brooklyn, shot himself three times in the head and breast to-day in a room in the Manhattan Turkish Baths at No. 28 Varot street, Williamsburg. He was a regular patron of the place. After taking a bath early to-day he lay down in a private room, ostensibly for a nap. The employee who heard the shots found him unconscious. He told them he was sick and out of work. Ambulance Surgeon Morlock took him to St. Catherine's Hospital, where his death was expected at any moment.

## BABY'S TERRIBLE SKIN HUMOR CURED

Milk Crust Formed a Solid Scab, but Resinol Cured in Four Days.

"About a year ago my two-months-old baby was troubled with what they call milk-crusts. The lower part of her body was a mass of sores. It began with small pimples, then they turned to one whole scab. The scab would break open and then it would bleed. She suffered much, as she cried night and day. For one month I tried everything—all kinds of salves, but without relief, until I sent for a sample of Resinol Ointment and Resinol Soap. Upon the first application I noticed a change, and after four days my baby was entirely cured. I cannot praise your remedies too highly, and recommend them to all my friends." (Signed) Mrs. Henry Mosher, 154 Leavenworth Ave., Detroit.—June 21, 1913.

You need never hesitate to use Resinol. It is a doctor's prescription, that has been used by other physicians for eighteen years in the treatment of eczema, ringworm, pimples, and all sorts of skin affections. It contains absolutely nothing that could injure the tenderest skin. Practically every drugist sells Resinol Ointment and Resinol Soap. For free trial, write to Dept. 12-R, Resinol, Baltimore, Md.

## B. Altman & Co.

will hold the following Sales to-morrow (Tuesday)
